Welcome to Aether!!

- All Tasks on Aether are completed on multimango.com. Please make sure you're logged in to that platform.
- You will use Hubstaff to track your time, which is how the project will pay you.
- We will discuss everything you need to know to get started, and have a Q&A at the end of the webinar.

Thank you for your dedication!! It does not go unnoticed!

Getting Started on Hubstaff

01 Getting Access

- **Open the invite link** and click Accept Invite.
- Create a password and finish setting up your account.
- **Setup your account using your primary email from your Outlier profile.**
- **DO NOT USE: wfe-...@outlier.ai** or **BPO emails** for Hubstaff

02 Download the Hubstaff Desktop App

- Go to **https://app.hubstaff.com/download**
- Select your current operating system (Windows, Mac, or Chromebook).
- **Important:** Time tracking only works on the desktop app. You cannot track time in the browser or on the mobile app.

03 Sign In and Join the Project Group

- Open Hubstaff app > log in (with your primary email address)
- The project team will add you to the correct group for tracking.
- Once added, you will see the assigned project appear in your Hubstaff app.

04 Tracking Time

- Select the correct project from the dropdown menu in Hubstaff.
- Click Start Timer to begin tracking.
- Task while the timer is running.
- When you stop tasking or take a break, click Stop Timer.

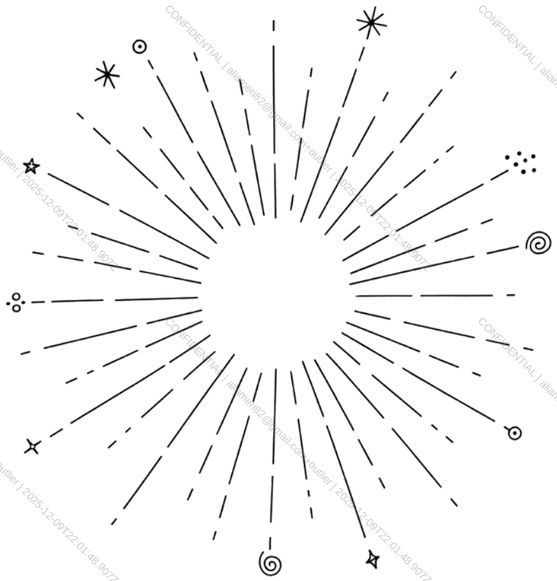
Hubstaff Quick Recap

Important Links and Notes

- Use the **Hubstaff invitation** link to join the project/team
- Go to **hubstaff.com/download** to download the **desktop app.**
- **Log in** to the app using your primary outlier email address.
- Once that's done, you can start tracking your tasks and time in Hubstaff.



If you are registered with another platform, please reach out to Hubstaff support at **www.hubstaff.com/contact**

REMEMBER: The set up of your Hubstaff account needs to be done with your Primary Outlier email, otherwise the mapping will be unsuccessful

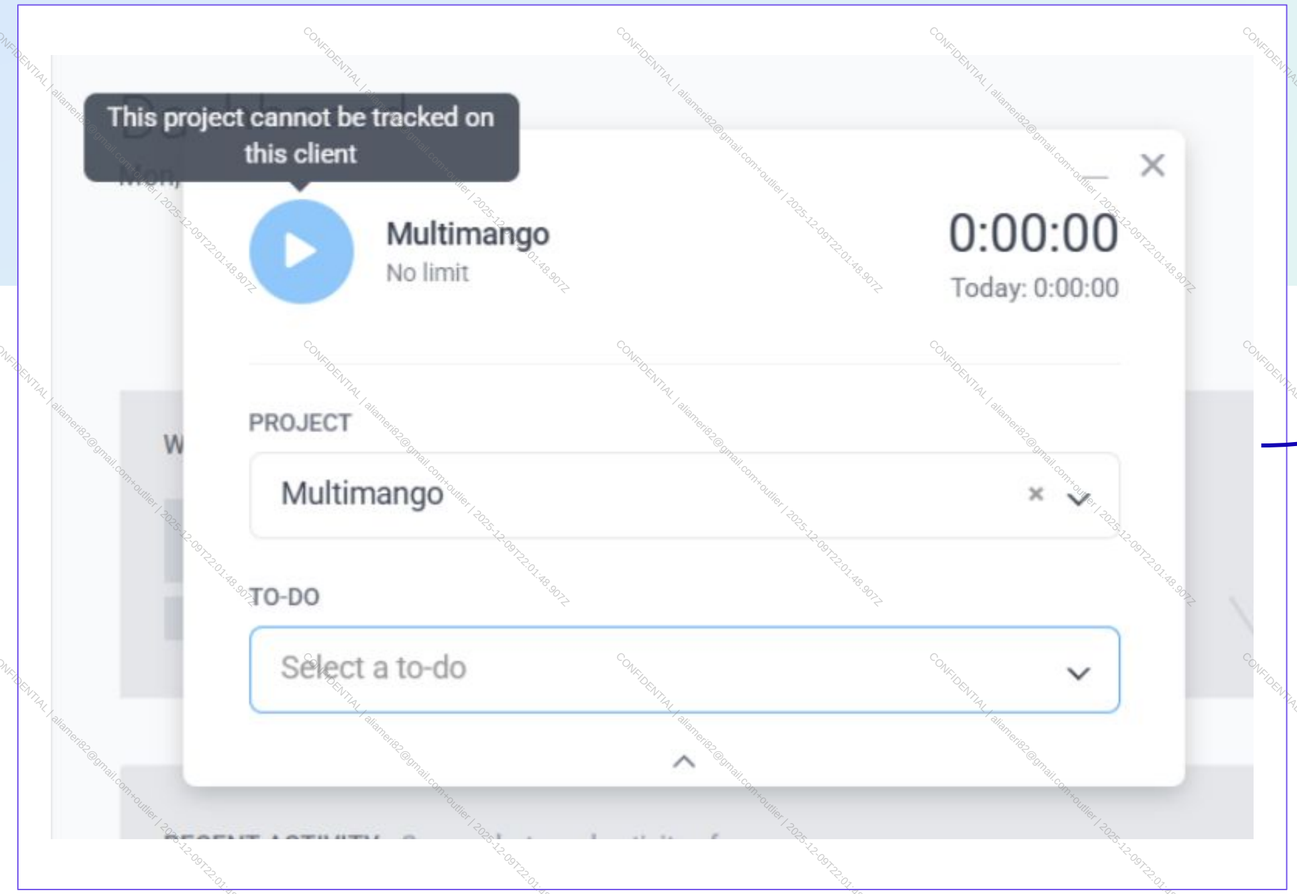
What happens if I don’t use the Desktop App?

- ➔ You won’t be able to start the timer
- ➔ Remember, you must open your tracker in the desktop app!



This is NOT an issue, it means that you are not using the desktop app

📢 Action Required if you’re not getting tasks in Aether platform!

We’ve noticed that a number of you have successfully **created your accounts for Hubstaff**, but are still showing a **“Pending” status** that is preventing you from starting your work.

- **The hold-up? We still need your credentials.**

To finalize your account setup and get your Aether status changed to **Approved Annotator**, please submit the required credentials **in this course.** 26

This is a necessary step for verification and activation. **Please reply to this thread once you have completed the course as soon as possible** so we can move you from Pending to Active and get you working!

We’ll be monitoring this thread closely to process your accounts quickly.
Thank you for your cooperation!

And that’s a wrap!

You will use Hubstaff to track your time

- ➔ Hubstaff hours will be updated to your Earnings tab around 24 hrs after your work.
- ➔ Remember, you can check your tasking summary on your Hubstaff account.
- ➔ All subprojects are being paid with the same hourly rate.
- ➔ This project does not require you mirroring the task in Outlier

You’ll find this project as:

- ➔ Aether in your Outlier platform
- ➔ Multimango.com is the client’s platform
- ➔ Multimango in Hubstaff

Tracking your time correctly will ensure you don’t have any issues with your payment!
